

Application No. 10/606,734
Reply to Office Action of 7/1/2005

REMARKS/ARGUMENTS

In response to the election of species requirement, Applicants hereby elect Figure 12 for further prosecution of the present application and note that Claims 1-4, 6, 7, 9, 10 and 12 are readable on the elected species. This election of species response is traversed insofar as it is not believed that the Examiner has served to properly demonstrate and support that the species are patentably distinct from one another.

In view of the foregoing, an early and favorable office action is believed to be in order and the same is hereby respectfully requested.

Respectfully submitted,
